

## **Dr. Jonas Gorauskis**

Jonas Gorauskis is a founder and CEO at Æneam, a company dedicated to production of catalyst devices based on hierarchical porosity ceramic scaffolds. Dr. Gorauskis obtained his PhD in 2006 from the Autonomous University of Madrid (Spain). He has been a postdoc at ICMA CSIC (Spain), NTNU (Norway) and senior researcher at DTU Energy (former Risø, Denmark).

The focus of Jonas Gorauskis research is the development of ceramic conformation routes which are both, environmentally friendly and industrially scalable.
