

Dr. Michael Feist

Institute of Chemistry, Humboldt University Berlin (Germany)

E-mail: feistmic@t-online.de

Chemistry studies at Humboldt University Berlin

Ph.D. from Moscow State University « M.V.Lomonosov »

Research and teaching work at Humboldt University Berlin (1980-2018)

PostDoc at Laboratoire de Chimie du Solide du CNRS, Bordeaux (France) 1990

Guest Professor at Institut de Chimie de la Matière Condensée du CNRS, Bordeaux (France) 2006 and 2010.

Research activities predominantly on the thermal behaviour of fluorides, fluorometalates, oxides ; particular interest in sorption properties and solid state reactions studied by employing PulseTA®.

Chairman of German Association for Thermal Analysis, GEFTA (1998-2016),

ICTAC Councilor since 1997.

87 publications, 32 conference presentations.
