

## Anders Hagfeldt

Anders Hagfeldt is Professor in Physical Chemistry at EPFL, Switzerland. He obtained his Ph.D. at Uppsala University, Sweden, in 1993 and was a post-doc with Prof. Michael Grätzel at EPFL, Switzerland.

His research focuses on dye-sensitized solar cells, perovskite solar cells and solar fuels. He was on the list of the top 100 material scientists of the past decade by Times Higher Education (2010). In 2014-2017 he was on the list of Thomson Reuter's Highly Cited Researchers. He received the *Nature* Award for Mentoring in Science, 2012, and the Björkénka Prize, Uppsala University, 2016. He is a member of the European Academy of Sciences, Royal Swedish Academy of Sciences, Stockholm, Royal Society of Sciences in Uppsala, and the Royal Swedish Academy of Engineering Sciences in Stockholm.

He is a visiting professor at Nanyang Technological University, Singapore, and Honorary Doctor of University Paris Diderot. He has published more than 440 scientific papers that have received over 46,000 citations (h-index of 108).
